Development Branch, Paus

MEMORANDUM FOR THE RECORD of the 25X1A Telephone Conversation with SUBJECT: Contract Branch of 25X1A of the Contract In a telephone conversation with Mr. 25X1A it was concluded that an 25X1**△** giving the same type Division of informal proposal would be received from of information as would be included in a formal proposal. The cost esti-25X1A mate will be given as an "order of magnitude figure." It was further resolved that if NPIC is interested in the proposal given by that a 25X1A formal proposal would be submitted after appropriate request by the contract monitor. The requesting agency for the contract was stated as the Logistical Support Group, HEDCOM, located at was necessary for the contract monitor to determine whether or not the solicited proposal and contract would be included in the con- 25X1A tract now in existence with the contract would be included in the contract tould be contract. cal Support Group contract would be entirely different from contract now 25X1A The above status of contact was suggested of the Contract Branch stated existing with the 25X1A that since it seemed that the contract monitor was having trouble with 25X1A the logistics portion of the contract, the committee decided that an ■ NPIC Security, 25X1A informal proposal should be submitted. Logistics Security, after discussing the matter with be continued and at a future date if 25X1A the contract be let to that security statements be signed by those 25X1A 25X1A individuals who are cognizant of the CIA affiliation. 25X1A
